## Agate - Dendridic

Dendridic Agate is known as the stone of plentitude. It brings abundance to all aspect of life including business and agriculture.

It heps to create a peaceful environment and encourages the enjoyment of each moment of life.

It works slowly and over time to bring gentle growth and/or change. The change will not occur with the snap of the fingers.

It opens and aligns all the chakras.

Help to heal disorders caused by chakra imbalance. Very useful for working with any ailment which deals with a branching part of the body .. Anyting related to blood vessles, nerves, meridians, etc. Mayhould be useful in dealing with nerve pain, varicose veins and similar problems. May also be useful in working with seizures. When placed on the site of an injury it is said to relieve pain.
