Agate - Moss

Moss agate is sometimes called the "gardener's stone" due to its mystical properties of helping ensure a full crop. In addition to a full crop, moss agate is said to bring general abundance, success, and prosperity. It is also said to help one gain peace with extreme or excessive duties in life and brings self-confidence and higher self-esteem. Moss agate is also said to be a metaphysically protective stone, as are all agates. It is said to reduce the difficulties associated with overcoming addictive behaviors. Moss agate is associated with the heart chakra, which indicates stone of compatibility and friendship. It is also believed in crystal healing to help improve circulation, enhance healing of all types, overcome digestive or intestinal disorders. Green moss agate is said to assist in finding hidden treasure, and be a stone of prosperity.
