

Crystal Quick Reference

Azurite

Azurite is the crystal of the Blue Ray. Resonates with the same frequency of the Third Eye Chakra. It has been used to help guide souls to enlightenment throughout time.

People of Atlantis and ancient Egypt believed this was a psychic stone and helped awaken and enhance psychic abilities.

The ancient Chinese peoples called this the "Stone of Heaven" as they believed it opened celestial gateways.

Ancient Greeks and Romans used it to aid in visions and healing.

The Mayans believed it inspired the mystical self and helped to transfer wisdom and knowledge via thoughts.

Native Americans used Azurite to contact their guides and aid in communication with them.

Helps to clear away tension and confusion thus opening the mind to new perspectives. It helps to stimulate the intellect, awaken psychic as well as intuitive abilities, helps to align with guidance from spiritual guides. Enhances dreams, meditation, channeling, out of body journeys (as well as protects on these journeys). Helps to remember and explore past lives.

Excellent for clearing and opening the throat chakra and to voice experiences from astral journeys.

Helps with spinal alignment and disorders of the vertebra, rib cage and smaller bones. Helps with arthritis, joint problems, detoxification of the body. Also helps with problems of the kidneys, spleen, gallbladder, liver, pancreas. Helps with circulation. Helps to restore damage that has been done to the brain. Very good for Alzheimer's, dementia and similar disorders. Helps with migraines. Also helps to repair DNA damage done by disease and radiation.

Crystal Quick Reference
