

Crystal Quick Reference

Citrine

Chemical Formula: SiO₂

A variety of quartz. Iron gives it the yellow to orange color.

Citrine comes in shades of very pale yellow to deep yellow to almost blood orange.

It is a stone of success, abundance and good fortune.

Called the Merchant's Stone.

It is strongly connected with the sun. The energies are very warm and uplifting. Wonderful crystal for boosting the emotional state.

Dispels negativity. Does not need cleansing. Keep with other crystals to keep them cleansed. Place at the corners of the room or house to get negative energy and entities out.

Helps with mood swings and self doubt. Balances Yin/Yang.

Astrological: Aries, Gemini, Leo, Libra

Chakras: Root, Sacral, Solar Plexus, Heart, Throat, Third Eye, Crown.
