

Crystal Quick Reference

Healers Gold

Healers Gold (or Healer's Gold) is a powerful healing crystal discovered in Arizona (USA). Excellent crystal for use by energy healers.

It is a combination of pyrite (iron sulfide) and magnetite (iron oxide). Thusly, it has properties of both of these minerals.

This crystal boosts the energy of the healer and the client during a session.

It activates and harmonizes the body.

It will ground negative energies from the client thereby helping to protect the energy healer.

It helps to balance energies and give energy healers a boost during their working.

This crystal can help to protect the wearer from radiation emitted by electronic devices.

Excellent crystal for promoting balance within the healer and client ... masculine/feminine, passive/active, assertive/receptive.

Also helps you to be more confident in your actions and decisions.
