

Crystal Quick Reference

Infinite Stone

Infinite Stone is a special form of green serpentine mixed with chrysotile that is only found in South Africa. Many people find the energy of Infinite Stone to be more powerful than serpentine alone.

It is known as the "Healer's Stone".

As the name suggests, this is a VERY powerful healing crystal.

It is excellent for helping to relieve physical pain as well as emotional pain.

This crystal works on all the bodies: physical, mental, emotional, spiritual.

Excellent crystal for helping deal with grief.

Wonderful crystal to use with any healing modality.

This crystal can help achieve deeper levels of relaxation and can help achieve deeper meditative states.

Infinite Stone has a very strong connection to the element Earth. It helps to renew your energy and align it with the energy of the planet. Due to its strong connection to the Earth, this crystal can cleanse itself. However, if you feel the need, you can also cleanse this crystal. Sometimes, it can take longer for this crystal to cleanse itself of certain types of energy and trauma.

It is very effective as working with the root, sacral, solar plexus, heart, throat, third eye, and crown chakras. The energies of Infinite Stone are very nurturing. It is a terrific crystal for grounding. The grounding capabilities also make this an excellent crystal for protecting against electromagnetic energies and electronic smog.

This crystal is very useful for people dealing with chronic pain. The crystal helps to draw pain out of the affected areas. Pain levels 6-10 on a 10 point
