

Crystal Quick Reference

Lapis Lazuli

Lapis Lazuli is said to be quite a powerful thought amplifier, stimulating the high faculties of the mind; bringing objectivity, clarity and encouraging creativity through attunement to The Source.

Lapis is also connected with Jupiter and thus expands the intellect, wisdom, and leadership qualities, as well as helping in legal matters that arise. The stone works as a shield from psychic attack. It is used to relieve insomnia and let go of anxieties.

Said to help bring one to confront the truth, wherever one may find it, as well as aid in expressing one's own opinion with harmonizing effect to the conflict. Lapis Lazuli will also help one to allow truth to be the teacher when it is necessary; encouraging self awareness, standing up for oneself, and taking charge of one's life.

Lapis helps to bond relationships of love and friendship by assisting one in expressing truly feelings and emotions, dissolving martyrdom, cruelty, and suffering, and dissipating emotional bondage.

Lapis promotes clear understanding and intuition. It assists one in the attunement to the creative source by stimulating and expanding the realization of consciousness toward the awakening of "All That Is"

Promoting clear understanding through intuition, Lapis Lazuli allows one to find the cause of and help to balance the function of the thyroid and hormones in to stave off depression. Assisting in the proper health and function of the head and neck, vocal cords, sore throats, headaches, eye ailments, or inflammation in this area of any kind.

Benefiting the immune system, Lapis overcomes hearing loss, eye issue, purifies the blood , relieves insomnia, and vertigo, as well as lowering the blood pressure.

Crystal Quick Reference

Lapis Lazuli

Lapis makes quite a powerful elixir to align the etheric, emotional, and spiritual bodies all at once.

Energy: Receptive

Element: Water

Planet: Venus

Deities: Isis, Venus, Nuit, Maat

Powers: Attunement, Perfection & Protection with Courage

Candle Color: Royal Blue

Lapis has timeless associations with the kings and queens of all realms. In ancient Sumer, the stone was very closely associated with deities in general. And in carrying it, it's possessor bore the potent magical power of a deity, for the stone contained the force behind all divinity. Some said the stone contained the soul the deity, who would 'rejoice it its owner'.

The energy of Lapis Lazuli is of very high quality, and it does not lower its power to greet mere mortals, but rather one must raise one's power to match it's. One must raise the mental, emotional, and spiritual energies to connect with the Lapis Lazuli. It teaches one to set aside the personality and all it's quirks, so that one may clearly see what is actually occurring within another person or a given situation. It will also assist in clearing out any part of the past, in this life or others, that one is still carrying but needs to let go of.

Lapis Lazuli needs to be recharged under the light of the stars.

Astrological: Sagittarius.

Chakras: Throat, Third Eye
