

Crystal Quick Reference

Sonoran Sunrise

Alternate Names: Sonora Sunrise, Sonora Sunrose, Sonoran Sunset

This is a combination of bluish-green and black tinted Chrysocolla and copper-red Cuprite (form of copper). This crystal has all of the properties of both component crystals.

It comes from the Milpillas Mine, which is northwest of Cananea, a city in Sonora, Mexico

Excellent crystal for helping the soul get out of harmful patterns, ruts, etc.

This crystal helps to reduce feelings of being alone.
