

Crystal Quick Reference

Topaz

Topaz, birthstone of November and Sagittarius.

Topaz is known as a "stone of true love and success in all endeavors." It promotes individuality and creativity. It helps to develop confidence in trusting your own decisions.

It replaced negativity with love and happiness.

It helps you to understand "the big picture" and the interrelationships between various components of the picture. (It helps to understand how all things are linked together.)

Aids in visualization, meditation and projection. Helps you to absorb what is needed from the universe.
